

Denture Domiciliary Service

Southbourne Grove Denture Clinic Ltd

Southbourne Grove Denture Clinic are pleased to offer a Private Denture Domiciliary Service, visiting patients in their own home or care environment. We provide Specialist Prosthetic support from initial impression, through manufacture to final fitment; ensuring complete customer satisfaction.

NOTE: We can only treat totally edentulous patients directly (those with no residual teeth). Patients who have any teeth still present [dentate] must have a referral letter and treatment plan from their own dentist!

Please download and use our Referral Form from our website:

<https://southbournegrovedental.co.uk/wp-content/uploads/2023/03/SBG-Headed-Referral-Treatment-Plan21490.pdf>

Please call Southbourne Grove Denture Clinic for a fast and efficient service; or to book a home visit if you're unable to attend our denture clinic in person.

NOTE: Due to unprecedented levels of demand, the main domiciliary alternative - The Community facility - is currently running a 12 month waiting list with an additional 3 month lead time for completion of dentures!

Our STANDARD Dentures

High quality yet affordable dentures. A good selection of tooth shapes, colours and materials without compromising on quality.

Our PREMIUM Dentures

A wider selection of shades and shapes. These teeth reflect light through several layers that mimic natural teeth. They are stronger and more resilient.

Clinic Address: 161a Southbourne Grove, Westcliff-on-Sea, Essex. SS0 9UN
